

Recycling facts

Each year in Britain, we throw away 28 million tonnes of rubbish from our homes. This weighs the same as three and a half million double decker buses. A queue of buses that long would go around the world one and a half times. (Source: DETR). You can make 20 cans out of recycled material with the same amount of energy it takes to make one new one. (Source: DETR). The UK produces 420 million tonnes of solid waste every year. That's the weight of 5 cars for each person every year. We only recycle 11% of it. (Source: DETR). Incinerating 10,000 tonnes of waste creates 1 job, landfill the same amount of waste creates 6 jobs, but recycling the same 10,000 tonnes creates 36 jobs. (Source: DETR). In just over a week, we produce enough rubbish to fill Wembley stadium. Over half of that waste can be recycled. (Source: DETR).
